Good design · Desirable × Feasible × Viable

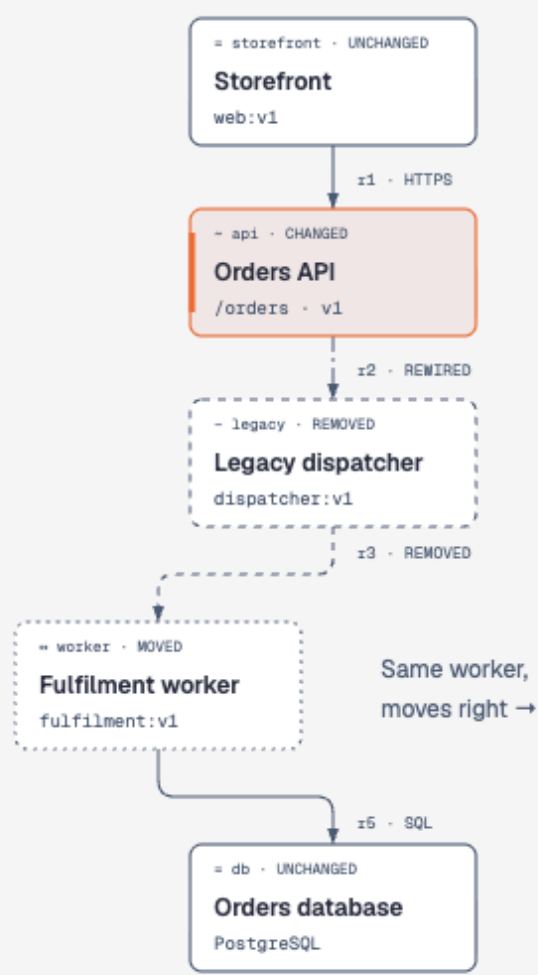

CI compute budget · a month of pipeline minutes

Order fulfilment, before and after

Before

Synchronous dispatch · v1

Changes

Four components · three relationships

- 01

CHANGED · api

Orders API v1 → v2
- 02

REMOVED · legacy

Retire legacy dispatcher
- 03

ADDED · queue

Introduce durable order queue
- 04

MOVED · worker

Fulfilment worker: left → right
- 05

REWIRED · r2

Orders API: dispatcher → queue
- 06

REMOVED · r3

Dispatcher → worker
- 07

ADDED · r4

Queue → worker
- PRESERVED

Storefront · database · r1 · r5

After

Queued fulfilment · v2
